DIPLOMA IN MARINE NAUTICAL & ENGINEERING

The course is conducted for the course of Diploma in marine nautical engineering for a period of 3 month's theory and 18 month's on-board ship practical training.

This course is very accurate and clear about merchant navy, familiarization with ships, duties, information and way of work is necessary which comes under on board ship training.

After 18 months of training on board ship, all the students can clearly understand what a ship is and how it works.

Watch keeping Certificates are awarded on the basis of experience as the practical on-board ship is updated online. Certificates obtained through Diploma Marine Nautical and Engineering

1. DMNE (STED APPROVED) DG APPROVED DOCUMENTS
2. INDOS CERTIFICATE
3. STCW CERTIFICATE
4. STSDSD CERTIFICATE
5. INDIAN CDC
6. WATCH KEEPING CERTIFICATE
7. SEA EXPERIENCE ONLINE UPDATION

UNIQUE FEATURES

- As students observe 18 months of on-ship training, they will be awarded Watch keeping Certificate under Directorate of General Shipping.
- Food and accommodation will be provided by the college.
- The students will receive 7000 rupees stipend on a monthly basis during ship practical training.
- Will provide 100% job assistance to the students.
